Term 1 Recap:

Term 1 was quite a busy term with a record-breaking interest in the Learn to Swim Programme. It was really neat to see everyone in lessons having fun and learning heaps! We also rolled out our new competencies and a new preschool level. We expected Term 1 to be a learning and settling into to the new structure and together as a Swim School it has been quite rewarding to see how well our group of swimmers have adjusted. We will continue to see the flow on affects over this year and encourage your feedback over the transition period.
